

NASHVILLE -- The Tennessee Department of Labor & Workforce Development today announced that the U.S. Department of Labor has approved a petition for Trade Adjustment Assistance (TAA) for Thomasville Furniture Industries. This petition covers all workers of the company in Johnson City who produced tables and home office equipment.

Trade Adjustment Assistance is a program administered in Tennessee for the U.S. Department of Labor (USDOL) by the Tennessee Department of Labor and Workforce Development. The program offers assistance to workers whose jobs have been adversely affected by imports from foreign competitors. The certification by the USDOL applies to layoffs which began on April 5, 2000, and will remain in effect until May 7, 2003, when the petition expires.

Under the provisions of the law, TRA allows for retraining while workers are still receiving regular unemployment insurance benefits. Two separate 26-week periods of trade benefits may be obtained for workers while enrolled in approved training after regular unemployment insurance benefits have been exhausted. Workers who would not benefit from retraining may receive only one 26-week period of trade benefit payments. The programs also provide allowances for attempting to secure new employment in other areas and relocating to the new place of employment. Specific instructions will be provided to affected workers through their local Tennessee Department of Labor & Workforce Development office.

Claims for assistance will be taken on Tuesday, July 10, 2001, from 1:00 p.m. to 3:30 p.m., and on Wednesday, July 11, and Thursday, July 12, 2001, from 8:30 a.m. to 3:30 p.m. at the office at 206 High Point Drive in Johnson City. The Department has sent notices to former Thomasville Furniture Industries employees informing them when they are scheduled to report.
